

# OUT OF SERVICE SIGNS

**Out of Service Hydrants** are a serious issue if unmarked, hydrant signage helps identify quickly any issue with the hydrant.

The brightly colored signs quickly tells fire and water departments, the hydrant is "Out Of Service" or provides any internal messaging.

The signs can also be used to identify color code pressures according to NFPA without painting caps.

**Available Sizes:** 2 1/2", 4" and 4 1/2"

**Available Colors:** red, orange, yellow, blue and green.

**Available Styles:** They can be ordered blank, for color coding or with your custom message or logo. High visibility reflective signs are also available.
